“ Condolences to the Family, Danny was first a customer of Spencer Bait & Tackle turned a friend over the 20 plus years. He shared lot's of success stories of fish and Deer, and checked-in lots of Deer over the years some small and some monsters. I had the opportunity to see the growth of Joe and Kim to progress from childhood into adults and remain friends with them to this day. Danny came into the store during bow season one year telling me of his bow kill Buck, whereby he field dress his Buck and left his bow with the deer while he walked back to get his tractor to haul his Buck home. But during his walk back to the house 2 Coyotes blocked his path with threatening gestures but eventually backed off, he believed the smell of Blood on his hands may have attracted the Coyotes. Danny told me he would never go bow hunting again without his pistol. (This was before DNR approved pistols while Bow Hunting) Yep we had some good times shooting the crap as well. He was always a good source of info keeping me posted as to what was happening out on the water and in the field. He will be missed by many. Sorry for your loss.
