“ Twila, Lola, Betty, Jerry, and family. I am so sad that Denver has passed, as he was a dear friend when growing up and were in the same class in school. We had so many memories with fishing down at the river, mushroom hunting, and one of the special things we did was Ola, and Troy would pick up Denver and I and we would all go in his Mercury which he loved to show us it would start at 2 mph. Now, we never knew why this was important, but we loved him showing us it would do it. We did so many things together, as him and my brother Jerry would do the hunting as I never cared for that much, and only went a couple of times. However if it was fishing or swimming at rock dam, or the other things we would spent a lot of time together and it is some of my most cherished memories. God, bless and our prayers to you and the family, and may somehow you find from God the strength to find a way to get through this great loss for you and for all of us that grew up with and lived with all these years.
