“ *When I was little I used to visit my grandparent's house all the time. I remember when my sister and I would sit down stairs with my papaw and ate fruit while watching cowboy movies. If you would speak he would get onto to you but it's not because he was mad it's because he was enjoying watching the movie with you. I loved him and really respected him I still do. Out of all the family really he was the one who looked forward to all my funky hair colors in my hair. I remember how he would call me Abirgail I miss those times. He was the best grandfather I could ever have asked for he was my best buddy for life*

“ *My Dad and I got to spend a lot of time together. We spent a lot of time just sitting on the deck drinking coffee and watching the birds. We got to get three final fishing trips in and I have fond memories from those trips. I loved my Pops and I am thankful for the time I got to spend with him.*

“ I am so sorry to hear of Jerry's passing. He was a man that I could always turn to for advice and he always gave it freely. Jerry had such a vast knowledge of all things mechanical that I was always truly amazed at his willingness to help me any time I needed it. I know Jerry loved his family and I wanted to give my condolences to Sharon and all the family for the loss of the patriarch of their family. Rest in peace my friend.
