“ *I have known John forever. We were neighbors . The first time was when I was in the third grade, he was in the fifth, then we moved and then they moved across the street from us again. Would see him from time to time over the years and he always seemed happy to see me and me him. Saw him at a grandson's ballgame a few years ago and he was in his truck and he yelled Dewie Hudson, I walked over to the truck and he said. You don 't know who I am, do you? And I said JOHN SUMMITT*

“ Although our adult lives are quickly passing by, I have fond memories when John and I "hung out" in High School. His mechanical knowledge amazed me when we rebuilt an engine on a 1960s Chevy, John just had a knack for putting things together. With deepest sympathy.

“ *John, you are big brother and taught me so much. You provided me the knowledge of how to not be afraid of challenges and how to apply working knowledge to repair anything. I thank my sister for bringing you into my life and sharing you with me. You will be missed.*
