“ I've loved you my entire life. I still feel you next to me. I love you daddy. I have 21 years of memories, each one better than the last. Save me a seat next to you and grandma.

“ We were so sorry to hear of Tom's death. He was a wonderful boy and a wonderful man. We still remember how he would come outside in the cold without putting a coat on and we would send him back in for one; he went reluctantly. Tom was one of the hardest workers we have known. He could really shovel snow! When his family was young we enjoyed seeing them come out trick-or-treating with Tom after visiting their grandparents. We send our sincere condolences to all of his family. -- Johnny and Mary Popp

“ I remember that night we went out for a beer in your Mercury Capri. You sure were proud to have the V8 version instead of that old '79 4 cylinder turbo I had back in '83. When we passed Ellettsville's finest police force headed towards downtown, in a BIG hurry, you told me that you weren't much of a fan.. I wish we could go for one more 'cycle ride down I-43 south-bound with the throttle wide open. But next time I want the 750cc bike. You can take my 650 Nighthawk.

We'll meet again further along the road Tommy.

“ I remember the first time I met Tom. Some dogs had appeared in my yard, and one had a collar with a phone number. I called and a few minutes later Tom showed up with his truck, just grinning from ear to ear. My husband had walked out of the house with me, and then he and Tom realized they knew each other from way back! Half an hour after Tom left, the dogs were back and we had to call again. He came right back to get them and said he'd tie them up, we all had a good laugh. I just remembered how sweet and friendly he was.....weird to find out your neighbor is a long ago friend! We will miss him so....
